

ACSA COR MAINTENANCE ACTION PLAN

ELIGIBILITY QUESTIONNAIRE

To determine if you qualify for the COR Maintenance Action Plan answer the short questionnaire below. If you answer **yes** to all of the questions, you could be eligible to use an Action Plan instead of an Internal Audit.

Please note that SECOR companies are not eligible for Action Plans at this time.

Eligibility Questionnaire

1. Are you currently holding a regular COR certificate in good standing?
2. Do you meet the COR training requirements, including having a certified auditor on staff?
3. Have you completed at least one recertification external audit cycle (*Year 4 in the graphic above*)?
4. Did you receive a minimum score of 85% on your last certification audit?
5. If this is your second year action plan application, did you achieve a score of 80% or more in your first year?
6. Can you develop at least one health and safety objective based on recommendations from your previous external audit?

If you answered yes to all of these questions, you would be eligible to do an action plan!
