

## Alberta Small Employer OHS Legislated Requirements

**Industry Code: 89910**  
**Industrial/Oilfield Equipment Rental**

**This document is a guideline only.** Employers have a responsibility of assessing all applicable occupational health and safety legislation, for the tasks they are performing.

Task description	Type of equipment used and workers employed
<p>Employers renting this type of equipment may also deliver but do not operate equipment.</p> <p>Equipment rental includes industrial power tools, tampers, concrete saws, floor grinders, sprayers, compactors, scaffolding, generators, power plants (up to 50 KW), welders, portable heaters, industrial fans, floaters, portable compressors, pumps (up to 6 inches), vibrators, post-drivers, lawn and garden equipment and various other tools and equipment used in the construction industry.</p> <p>Oilfield rental firms rent equipment such as down hole tools, tanks, separators, dehydrators, line heaters, and treaters.</p> <p>Employers in this industry may rent some mobile equipment such as bobcats and forklifts, however this is not the focus of their business.</p> <p>Servicing by employers in this industry can be extensive and can include rebuilding of engines, etc.</p>	<p>Equipment includes; hand tools, maintenance facility power tools (i.e grinders, welding, cutting torch), delivery trucks, flat deck trucks, and articulating boom trucks.</p> <p>Workers include; mechanics to service and repair motors, compressors and electrical equipment. Servicing of oilfield rental equipment can include tear down, cleanup, replacement of worn or damaged parts and testing.</p> <p>Drivers deliver the rental equipment to the work site and pick it up at the end of the lease/rental.</p>
