

Alcohol and Drugs: Work Site Guidelines

Classroom Course

This one-day course is designed to assist safety leaders and managers in developing policies and procedures to deal effectively with alcohol and drug issues in the workplace. The course examines the Model Alcohol and Drug Policy from the Canadian Model for Providing a Safe Workplace (Version 6). The course also looks at current issues surrounding medicinal use of cannabis and changes to legislation related to recreational cannabis.

Course Topics

- Alcohol and drug use in the workplace
- Impairment and fitness for duty
- Canadian Model for Providing a Safe Workplace
- Medicinal and recreational use of cannabis
- Developing and implementing a policy

Certification

This course has a written test and a skills check component. Participants must achieve a minimum score of 80% on the closed-book written test and complete five skill objectives for course certification.

Prerequisites

None required at this time.
