

Alberta Small Employer OHS Legislated Requirements

Industry Code: 42133
Cabinets/Counters – Asmb/Install

This document is a guideline only. Employers have a responsibility of assessing all applicable occupational health and safety legislation, for the tasks they are performing.

This industry describes only the sale, assembly and installation of the specific items of cabinets, counter tops, and shelving only.

Task description	Type of equipment used and workers employed
<p>The sale, assembly and installation of premanufactured cabinets, counter tops, and shelving.</p> <p>After delivery of the product, installation extends little beyond setting the product in place, with only minor mitre cuts or cut-to-length adjustments of the product made on-site to satisfy customer needs.</p> <p>Assembly activity may be to glue, screw, and/or nail, and some mitre cuts to length. Trim, counter fill-ins, cupboard handles and hinges</p>	<p>Businesses may utilize small woodworking handtools, perhaps a table saw, mitre saw and a truck for delivery or service calls.</p> <p>Workers in this industry can include carpenters, journeymen, laborers, shipper/receiver, sales clerks/estimators, and office/administrative staff.</p>
<p>The dismantling, moving and assembly of modular office furniture is included in this industry.</p>	<p>Modular furniture refers to the office cubicles, desktops, overhead cabinets and adjustable keyboard tops used to create individual office work spaces.</p>
