

## Alberta Small Employer OHS Legislated Requirements

**Industry Code: 51506**  
**Quality Control Services – Construction**

**This document is a guideline only.** Employers have a responsibility of assessing all applicable occupational health and safety legislation, for the tasks they are performing.

This industry includes businesses that provide independent third-party visual inspections directly for the project owner.

Task description	Type of equipment used and workers employed
<p>This service is provided on construction and fabrication projects for the purpose of ensuring pipes, piping systems, vessels, etc. are constructed to specification for project owners or prime contractors.</p> <p>Quality control services ensure quality standards in materials and workmanship are maintained by the contracted general fabricator or construction firm.</p>	<p>Quality assurance inspectors may be at the construction point/site or in a fabrication facility.</p> <p>The equipment used is a vehicle, hand tools, and penetrant chemicals.</p>
