

NAOSH WEEK SPECIAL

Fire Extinguisher Courses

The Canadian Society of Safety Engineering (CSSE) – Central Alberta Chapter in partnership with Fire Safety Rescue and the Red Deer Construction Association is pleased to offer these Fire Extinguisher Courses with Live Fire Practical Exercises to help celebrate the North American Occupational Safety & Health (NAOSH) week in Central Alberta.

This 3 hour course is covers fire extinguisher principles, monthly inspection requirements and a live fire exercise to have participants demonstrate how to properly extinguish a controlled fire.
